The Washington County Treasurer has implemented a new tax collection program that will be used for 2018 tax collection season countywide. This new program will allow our residents to locate and view their tax bills, print their tax receipts for current year, as well as past year payments and view their property information that is on file at Washington County Real Property Listers.

Below are the instructions for your convenience to view your property tax information and print your documents of interest. I also ask that during this time of transition, you have patience with our office staff as this is going to be quite a learning process and I will need to check and double check that I post your payments accurately. If you notice that something doesn't make sense, please contact me immediately so we can correct the issue.

If you have any questions, please contact me at (262)673-7214. Thank you for your cooperation during this transition.

Christine (Tina) Pfeifer
Treasurer/Deputy Clerk
